

## Weekly Report

Date: 9/10/12

Project Name: Hands-on teaching model of the heart

Group Number:

Group Members: Megan Foran, Danny Jones, Frank Moynihan

Current status of project:

We are currently researching background information relevant to the project (i.e. Starling's Law) and completing literature & patent searches.

Work completed in the last week:

- 9/5/12: Group meeting to develop questions for mentor regarding project scope & specifications.
- 9/6/12: We met with our mentor, Bob Wilkinson. We discussed how the current model illustrates Starling's Law, as well as problems with the current model. We also talked about requirements / specifications for our design.
- 9/7/12: Group meeting to identify specifications and start brainstorming design concepts.

Work planned for next week:

- Create project scope.
- Finalize project specifications.
- Continue literature and patent searches.

Anything needed from client or TA or instructor to continue work:

- N/A
