

## Weekly Report

Date: 10/1/2012

Project Name: Hands-on teaching model of the heart

Group Number: 24

Group Members: Megan Foran, Danny Jones, Frank Moynihan

Current status of project:

We are entering phase 2 of the design process during which we will generate and select a design for our project.

Work completed in the last week:

- 9/26/2012: Submitted preliminary written report.
- 9/30/2012: Created project website. The website is still under construction.
  - <http://teachingheartmodel.weebly.com>

Work planned for next week:

- Continue website construction.
- Brainstorm and create preliminary sketches of our design.
- Research possible materials for our design.
- Investigate methods of taking quantitative pressure and volume measurements.

Anything needed from client or TA or instructor to continue work:

- N/A
