

Weekly Report: 10/22/12-10/29/12

Date: 10/29/12

Project Name: Hands-on teaching model of the heart

Group Number: 24

Group Members: Megan Foran, Danny Jones, Frank Moynihan

Current status of project:

We have chosen a final design option and are compiling our progress written report. Also, Danny is creating the progress design presentation to be given on Wednesday.

Work completed in the last week:

- 10/22/12: Met as a group and decided to finalize research and then begin to draft written report portions specific to each team members designated elements.
- Throughout the week: Using our research, we analyzed all potential options via written work and Pugh charts and compiled this into a rough draft of our progress report.
- 10/25/12: Met as a group to discuss status of report and set a deadline for today to finish the rough draft.

Work planned for next week:

- Edit and finalize progress written report to be turned in on Wednesday
- Create progress presentation to be delivered on Wednesday to convey the process we took to realize the final design.
